SR 95 Realignment Study; I-40 to SR-68

LOCATION/DESIGN CONCEPT REPORT & ENVIRONMENTAL IMPACT STATEMENT

The Arizona Department of Transportation (ADOT) and the Federal Highway Administration (FHWA) as lead federal agency, with the Bureau of Land Management (BLM) serving as Cooperating Agency, and in cooperation with Mohave County, and Bullhead City, are initiating environmental and engineering studies for the realignment of State Route (SR) 95. These studies continue the effort initiated by the Feasibility Study completed by ADOT in 2005.

The studies to be conducted are a Location/Design Concept Report (L/DCR) and Environmental Impact Statement (EIS).

ADOT AND FHWA invite you to attend one of three public scoping meetings and to provide your input into the study process.

The proposed SR 95 project would relocate the SR 95 route to a new north-south alignment located east of the current highway, primarily on BLM land (map at right).

The new alignment would begin on existing SR 95 south of Interstate 40 and extend north to SR 68 for a distance of approximately 42 miles.

The EIS will meet the requirements of the National Environmental Policy Act (NEPA) which outlines the process by which federal agencies integrate public comments and environmental concerns into the decisions they make.

The purpose of these public meetings is to gather community input early in the study in accordance with the NEPA process. Comments received from the public during scoping and throughout the study will be used in the development and evaluation of alignment alternatives.

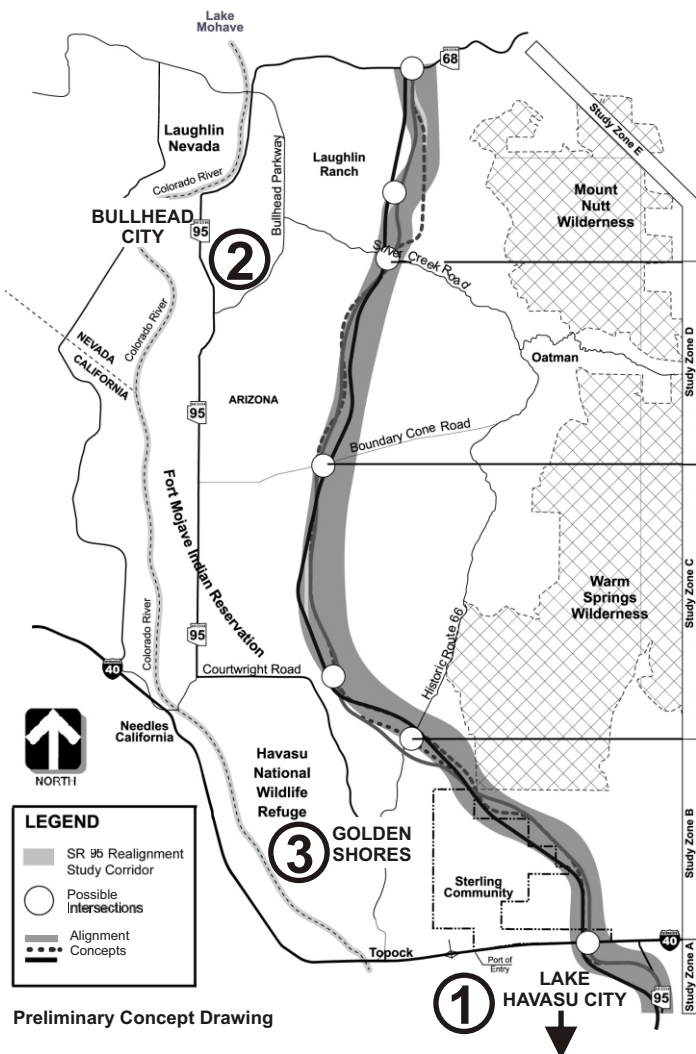

Representatives of ADOT and FHWA will be available at the meetings to provide information, answer questions, and discuss the project with members of your community.

YOUR INPUT IS NEEDED

This public scoping meeting ad will be posted on www.adotenvironmental.com

Meeting Locations:

Preliminary Concept Drawing

To submit comments on the SR 95 Realignment Study, please email Berwyn Wilbrink at berwyn.wilbrink@jacobs.com, mail them to: ADOT, c/o Berwyn Wilbrink at Jacobs, 875 West Elliot Road, Suite 201, Tempe, AZ 85284 or fax them to 480-763-8601. Comments should be received by August 17, 2007.

For further information, contact Berwyn Wilbrink as above.

Persons with a disability may request meeting accommodations, such as a sign language interpreter, by contacting Joan Beckim at 1-888-887-0565. Requests should be made as early as possible to allow time to arrange accommodation.

This document is available in alternative formats by contacting Joan Beckim at 1-888-887-0565.
